## TOP NOTCH MEETINGS AND CONTACTS. WHERE? AT SICAM!

Because SICAM is a unique, effective and exclusive format: conceived and created with the prime objective of facilitating face to face meetings between professionals. To nurture ideas and projects, to forge business relationships and foster new international partnerships. Scheduled meetings and casual encounters, at the stand or along the corridors, at lunch or over a coffee: you can feel the buzz of business wherever you are at the exhibition.

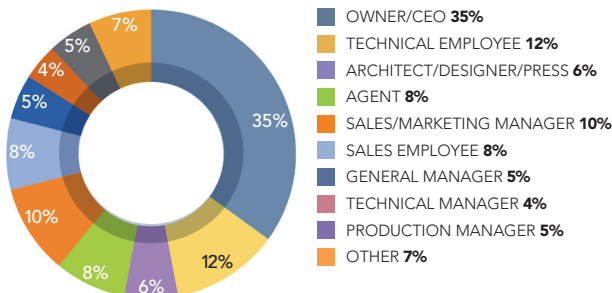

## NUMBERS AND QUALITY OF CONTACTS: SICAM'S STRENGTHS

Skills and expertise: these are the real values, the ones that come to light at the exhibition and make the difference! At SICAM, the successful ones are those who know how to perform well in the supply chain, those who are reliable partners in a team of professionals, those who have the ability to design as a team and to innovate. This is why in Pordenone each year over six hundred international component and accessory companies introduce themselves to more than eight thousand furniture companies from 120 countries around the globe, and with them open up new business prospects by creating new team players.
